## SKI NAUTIQUE™ Signature Edition

*The Definition of Quality*

**A brilliant piece of design savvy.**

Correct Craft takes the AWSA approved Ski Nautique hull and adds a special Signature Edition graphics and features package to give you a *truly unique* boating experience.

Shredding glass at sunrise is the greatest way to start the day. ● Alone on the water, you're completely focused on the edge, the buoys and your Nautique. ● Time stands still. ● The sun dissolves the morning. You run the course one more time, then once again. ● You'd run it all day long if you could. Does life get better than this?
