

PRESS RELEASE

2005 CORRECT CRAFT AIR NAUTIQUE SPORT 216

ORLANDO, FL (November 12, 2004) — Correct Craft, Inc. announces the Sport Nautique® 216 for 2005. Fun for the whole family, the type of boat where you will want to kick back and relax but still desire the ride of a direct-drive.

This boat has the slalom characteristics of the Ski Nautique 196 but offers tons of storage and is very roomy. Enjoy the 19-quart in floor cooler with storage tray that is removable for added convenience, even within reach of the driver. Under the open bow, you will find extended storage space by lifting the loveseat to store ropes, handles, skis, boards, tubes, and even your picnic basket. Want to store skis that are 74 inches? No problem, the 216 offers a 17-cubic feet trunk that is perfect for that type of storage.

For those who will be driving, all of our boats come with a fully adjustable driver's seat, rack and pinion steering with adjustable tilt, and a rear view mirror. No matter whether you are driving the Sport Nautique 216 or any other boat in our line, safety and convenience are principal.

Celebrating 80 years of excellence in the marine industry, Correct Craft is a family-owned manufacturer of world-famous wakeboard, waterski, and recreational boats. Correct Craft, Inc., a Florida-based company, is known for leading the industry in technology and innovative hull designs.
